I could not have been happier. The crew showed up early--not on time, but EARLY. They were courteous and went about the business efficiently and effectively. The move went as well as possible, given two high-rise buildings in Chicago. These guys really did a phenomenal job! I'll happily endorse them and their work however I can. I would suggest doing whatever is necessary to keep this team in the network. USE 'EM MORE!!

[broomejv@att.net](mailto:broomejv@att.net)

---

Both of my guys were terrific. They showed up early and were so efficient -- I couldn't believe I was out of there in less than an hour! At my new residence they moved around every piece of furniture I needed help with - from one room to another, up and down stairs - all without any complaints or issues. They even helped me pack up an old mattress and store it in the garage. I would definitely recommend Mover Circle to my friends. It's affordable, reliable and efficient; thank you for making my moving day stress free!

My movers were FANTASTIC! They were on time, VERY prepared, and careful of my belongings. They were the best movers I've ever had. Even though there were 2 movers, I only remember one name, Bill. VERY professional man and the other man was great also. If and when I move again I would want them!

Thanks for the great move!

The movers were fantastic. On-time, polite, professional & engaging. They took extra care to make sure that all of my belongings arrived clean & undamaged in perfect condition. Even our antique table came through the move brilliantly. They were also flexible and accommodating with a 2 day turn around from first email inquiry to actually moving furniture. I will definitely use Mover Circle again.

This was my first time hiring movers for a move. The movers were polite, careful, quick and efficient. They were very professional and took care to make sure everything was done right. I was so happy with their service I gave them a \$40 tip. I have friends who are planning on moving soon who I have recommended use Mover's Circle and request RMC. I hope I don't have to move again any time soon, but if I do, I'll make sure I use Mover's Circle and request RMC. Thank you for making moving so easy!

[hikitsana@yahoo.com](mailto:hikitsana@yahoo.com)

---

I was very happy with the whole experience. I could always reach someone to help with questions, and the movers were very professional.

[tslavet@hotmail.com](mailto:tslavet@hotmail.com)

---

Our team was amazing. First, they were 5 minutes early. Perfect. They showed up with a very small truck, though, which we were worried about. The team lead said "if we don't fit it all in, we won't charge you for the drive back." It was incredible though-- they were so careful with everything and they fit it ALL in to a 15' truck! (We had driven our stuff across country in a 22' truck.) They were fast, polite, friendly, and got the job done faster than we could have imagined. (Running back and forth so they were speedy.) I tried to tip them well (\$100), but if I made more money, I would have doubled their tip. Hiring Mover Circle was the best decision we made during our entire move. I will recommend them to all of my friends.

Doug was very professional and efficeint. The move couldn't have gone smoother! Very Happy!!!

[ks\\_hardin@hotmail.com](mailto:ks_hardin@hotmail.com)

The mover was very careful making sure to not damage any of the common or unit areas in the new building. This was a huge relief as I've heard horror stories of wall scratches and lost deposits. He was also friendly and his staff worked fast. I also liked Mover Circle's quick response times especially last minute changes and requests.

I was so skeptical about this move but it went exceptionally smoothly. My movers were on time, wrapped and maneuvered my pieces well, were friendly and professional, and super fast. Movers Circle responded to all of my inquiries within an hour and were able to still accomodate me at the original price quoted despite it taking me over 2 weeks to decide to work with you! Very positive experience.

They were absolutely wonderful and got furniture up stairs that were very difficult. It really felt like they part of a team trying to get me moved in and not just hired hands that didn't care about me or my stuff. There were particular pieces that I loved and would've been heartbroken if they didn't make it up those stairs. They took it to heart and made it happen--And in 87 degree weather in San Francisco where there is no air conditioning!!

This was a great experience. I never used an online mover before, but now I feel I did the right thing. They were so professional and right on time. I can't think of anything you need to improve on... just keep doing the same thing and you will get more business than you need! I already told my family and friends about your great service and very reasonable prices.

The movers were very professional, friendly, and seemed like they knew their job very well. I had an issue at my new apartment and they were very understanding and accommodated my needs well. I really enjoyed both the men that moved our apartment belongings...Al and I forget the other man's name, unfortunately. They were both extremely professional, polite, and helpful. They went out of their way to accommodate us. As I told them when they left, it was my first experience with movers that were not grumpy. [ortizdeidre@yahoo.com](mailto:ortizdeidre@yahoo.com)

Best movers I've ever used. When you call them they ask you a series of questions and get you a flat rate quote so you actually get movers who come and work - not sit around taking cigarette breaks because why the heck shouldn't they, they are being paid by the hour after all! Mover Circle sent movers who were super friendly, polite and got the job done fast without any damage to our stuff. I will definitely use them again!

Jen G (review from [Yelp](#))

---

Unfortunately we were totally disorganized when the movers arrived, you would have never thought we were moving!! But they were very patient while we got our act together..and they kept focus and a good time schedule which allowed us to also stay focused..They got to where we moved to b-4 us..I got lost!! And once again they patiently waited..All was well at the end of the day. Grandma (who they packed and moved around her) was calm throughout the whole ordeal was happy in her new home!

Thanks

Flawless online service request process, quick to respond, very professional, GREAT rates, and I was able to reserve a mover the same week I needed to move - so only about 5 days lead time! I found them via Craigslist. Highly recommended. I've already told all my friends!

First you changed to a better sounding name...It was a crapshoot contacting someone saying they are cheap, so great idea. What could be better? Get a reasonable quote almost immediately and then I enjoyed the confirmation and contact through e-mail. Al was personable and patient while we decided to add more to the load. An overall great experience that we do share with others.... This is our third move this year and the first time I've had the treat of NOT having to do it.

Rich and his crew did a great job. I was extremely impressed at how quickly they were able to move me out of the old place and into the new one. They were able to get my large and extremely heavy sleeper couch up steep stairs and into the apartment at an

awkward angle. They worked through the hot summer heat and did everything with a positive attitude. I would recommend them to anyone and would request them for any future moves. I'm very impressed!

They did a great job by very carefully handling all my furniture. Shrink wrapped everything and were very professional.

I don't have any suggestions for improvements. Al Robinson was awesome!! Very respectful, on time, he was all around great. He even called a couple of minutes before arriving to let us know he was on his way. I really appreciated him and the service I received from him and his co-worker, Surrell (I believe was his name). I felt that I got a fantastic deal for the price I paid.

The movers were really fast and yet they took really good care of my stuff. It would have taken us so much longer to do it by ourselves. Worth every single penny !

Your service was very convenient. I had to reschedule a move with less than a week's notice and everyone was very helpful. The movers were professional, courteous, and careful with our belongings. I will be recommending your service to others from my company who will be relocating. Thanks again.

Rich and his team were great - I had to move up my move time due to my storage area being closed after 8:00 am for the weekend. They had to re-arrange their day and extremely nice about it. They had to pick-up my belongs at a storage area and my home then drive 3 hours to deliver to my new hme and storage area. If I move again I would use Movers Circle.

The move was for my Mother, she was very satisfied! She said the guys were great, she especially liked Rich. She said they were all friendly and courteous. They had to work extra hard because she could not open the gate for them to drive in and they did not complain! They took the stress out the move for her by making her laugh! Please extend our thanks and blessings to all of them.
